Awful Disaster!

DEADLY LOSS OF LIFE!

On Tuesday afternoon last, the Pembur- ter house, a large frame building, fell with a sudden crash, where about 600 employees were at work, and be- came a mass of ruin in a matter of seconds. The cause of the disaster was the result of a sudden and unexpected explosion in the basement of the building.

The Pemberton building, located on the corner of Main and Maple streets, was one of the largest and most modern in the city. It was built five years ago and was considered a model of fireproof construction. The explosion that caused the collapse was said to have been caused by a gas leak in the basement.

The death toll from the disaster was 175, with another 200 injured. The survivors are being treated at local hospitals.

The city has ordered a full investigation into the cause of the explosion, and the building department will conduct a thorough inspection of all similar structures.

PHILADELPHIA, Jan. 9.—The funeral ceremonies were held today for President Abraham Lincoln at St. John's church, where the body lay in state. The nation was in mourning, and the city was filled with a somber and respectful atmosphere. The funeral was a fitting tribute to the beloved leader who had saved the Union.

There were many prominent citizens who paid their respects to the late President, including the President of the United States, General Grant, and the Secretary of State, Mr. Seward.

The service began with a prayer by the Rev. Mr. Lincoln, followed by a eulogy by the Rev. Dr. Sumner. The body was then laid to rest in a vault beneath the steps of the church.

The city was adorned with floral tributes and flags, and the streets were lined with people expressing their grief and respect.

The nation was in mourning, and the world was moved by the tragedy.

Suffolk County, Jan. 5.—Suffolk County has been hit by a series of storms, with heavy snow and freezing rain causing widespread damage. The county authorities have declared a state of emergency, and have urged residents to stay indoors and avoid travel.

The storms have affected the entire county, with some areas experiencing up to 2 feet of snow and several inches of freezing rain. Roads and bridges have been closed, and power outages are widespread.

The county is urging residents to stay safe and avoid travel unless necessary.

The storm is expected to continue throughout the week, with more snow and freezing rain on the way.

The county is working to restore power and clear roads, but it is expected to be a long and challenging process.

Suffolk County has called for federal and state assistance to help with the recovery efforts.

The county is working with emergency management officials to coordinate the response and ensure that residents have the support they need.

The storm has caused widespread damage, with many homes and businesses left without power and access to essential services.
