THE HANOVER LECTURE.

We are informed that Mr. Dr. Pellek, who has so ably handled the subject of the "Hansard Spectator," is to deliver a Lecture at Hanover, by Dr. Pepper, who, we have since learned, will be the subject of an important and most interesting discussion. The Lecture will be on the 23rd of last month at 8 o'clock, and will be open to the public. We are informed that the subject will be "The History of the Union," and that the discussion will be on the "Political Economy of the United States." We are also informed that the Lecture will be on the "Political Economy of the United States," and that the discussion will be on the "Political Economy of the United States.

THE PRINTING INVESTIGATING COMMITTEE.

The Senate Printing Investigating Committee, under the able and energetic leadership of Mr. Dr. Pellek, have been engaged in an important investigation into the subject of the "Hansard Spectator." They have been able to show that there is a great deal of corruption and graft going on in the printing and publishing of the "Hansard Spectator," and that many of the subscribers have been defrauded of their money. The Committee have recommended that the printing and publishing of the "Hansard Spectator" should be stopped, and that a new printing office should be established. The Senate has concurred in this recommendation, and the printing of the "Hansard Spectator" has been stopped.

THE YORKE NEWSPAPER.

The York newspaper, which has been a leader in the fight for civil rights and freedom of the press, has been taken over by a group of radical publishers. They have promised to continue the newspaper's fight for freedom of the press and against corruption in government. The new owners have announced that they will publish a new newspaper, which will be called the "York Times," and will be devoted to the interests of the working class.

THE LANE-WENDELL NAVAL QUESTION.

The Lane-Wendell naval question has been referred to the arbitration of the League of Nations. The League has appointed a commission to investigate the matter, and to make a report to the League on the question. The commission will consist of three members, one American, one British, and one Japanese. The commission will be empowered to make a report on the question, and to recommend a solution of the question.

THE BOSTON offended by its own men.—On Monday last but one, a large number of men were driven from the streets of Boston by the police. The men were a group of radical politicians, who had been denouncing the police for their brutality. The police had arrested several of the men, and had prevented them from speaking. The men were determined to continue their protest, and they were met by a strong body of police, who drove them back from the streets. The men were then driven from the streets by the police.

THE HANOVER SPECTATOR.—The "Hansard Spectator," a highly intelligent and influential weekly newspaper, has been discontinued by the proprietor, Mr. Dr. Pellek. The reason assigned for the discontinuance is the writer's health. Mr. Dr. Pellek has been an able and energetic editor, and his paper has been a leader in the fight for freedom of the press and against corruption in government. The writer's health has been broken down by overwork, and he has been compelled to discontinue the publication of the "Hansard Spectator."
A Convention of Pennsylvania Bikes will take place at Harrisburg on Wednesday next. We should be much gratified to be present with our brothers, but unable to do so.

The Rev. P. K. Elbert has accepted a call to the Lutheran Church in Petersburg, Va., to succeed the Rev. Mr. Smith, who has been called to another field of labor.

Terrible Irish Fight.

Newspaper men at Harrisburg, who are بنفس الرأي، أن المقال الذي كتبه مارتن لا يتعلق بأي خيانة، بل يتعلق بكلمة disagreement في سبيل تحقيق الاستقرار والمصالحة. وهذا الشكل من التفاوض يشمل كلاً من القادة السياسيين والحكام. مارتن كان يركز على أهمية الذهاب إلى المذاكرات، والتي يمكن أن تؤدي إلى تحديد نقاط الخلاف والتوافق. وعلى الرغم من أن هناك الكثير من الخلافات والتحديات، إلا أن هناك أيضاً الكثير من الفرص في سبيل تحقيق السلام والاستقرار.
