Hers are the candidates from this county.

We give place, with great pleasure, to the name of the second candidate of the Democratic party, Messrs. Whig.

The Democratic party, in its convention, last Monday, nominated Edward McPherson, of the Democratic party, for the office of Governor, and, well deserved. This paper says: Hon. Edward McPherson, the distin-

guished and indefatigable leader of the Democratic party in this section of the United States, was re-nominated by the Democratic convention, held last Monday, as the people's candidate for Governor. He is a man of great ability, energy, and ability, and, above all, he is a man of great integrity. We are proud to know him, and most of all, we are proud to have him as our candidate for the office of Governor.

We will not deny that the election of Edward McPherson for Governor is a great gain to the State. He is a man who has been tried and found wanting, and who can be trusted to do the right thing. He is a man who has been proved to be a true friend to the people of the State. He is a man who has been proved to be a true friend to the cause of the Democratic party. He is a man who has been proved to be a true friend to the cause of liberty. He is a man who has been proved to be a true friend to the cause of the people. On account of the late additional mail facilities in the Northern part of the County, we have been induced, at the request of many, to change our publication-day from Thursday to Saturday. We know this change is not convenient to us, if not more so, than formerly, and we will agree, we have no alternative but to comply. We trust the people of this town will then appear on different days of the week. Receiving the change will be a convenience to our friends.

The Saturday School of the German Reformed Church in this place will have a wood's celebration on Saturday next. On the same day, there is to be a grand pie-sale near Centre Mills, which, it is thought, will be productive of a handsome sum.

The Benbowville Ball will be given.

The Congressional Conference of this District will meet at Chambersburg to-morrow, and we are informed that the papers of the various places and districts will be read and presented to the House, and the Benbowville Ball will be given.
