FREDERICK DOUGLASS PAPERS.

MENACE OF THE TIMES.

For Christian Temperance, by T. W. HART.

The march of events and the progress of society have been so rapid and steady in the last quarter of a century, that it is far less easy now to estimate human capacity and moral probability than it was in the 18th century. The ideas of the 18th century are at once the stock in trade of the 19th century. The industrial revolution of the 19th century has been the result of the political revolution of the 18th century. The political revolution of the 18th century was the result of the religious revolution of the 17th century. The religious revolution of the 17th century was the result of the scientific revolution of the 16th century. The scientific revolution of the 16th century was the result of the philosophical revolution of the 15th century. The philosophical revolution of the 15th century was the result of the social revolution of the 14th century.

In the last quarter of a century, the power of the Church has been diminished, the power of the State has been increased, the power of the family has been weakened, the power of the individual has been strengthened. The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual. The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual.

The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual. The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual.

The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual. The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual.

The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual. The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual.

The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual. The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual.

The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual. The Church has been compelled to yield to the State, the State has been compelled to yield to the individual. The Church has been compelled to yield to the family, the family has been compelled to yield to the individual.
